Deputy Commissioner's Message

The function of a school is not merely to equip students with academic prowess but also to help them discover their latent talent in multifaceted arenas. This school magazine is a humble medium to achieve that purpose. This collaborative effort of the students and their teachers intends to provide you an insight into the untamed genius of these enlightened minds. Their ability to envision the world in a different light will help us to see the greater picture.

Kendriya Vidyalaya Sangathan has always promoted free and fair thinking. It has endeavoured to turn young students into citizens of tomorrow who will bring forth constructive changes in the society. We must know that the first step is the most important one and KVS aims to create this pathway for India's bright future.

The students of Kendriya Vidyalaya Kankinara have manifested their desire to serve this community and render peace through their humble attempt to bring out the colours of India. Their writings are a doorway to their heart which will help us to rediscover our childhood innocence.

I would like to congratulate the faculty and the editorial board for bringing out the best in these wonderful enthusiasts. My blessings are with all of you.

Thank you.

Chairman's Message

Kendriya Vidyalaya Kankinara has blossomed into a pioneer institution in upholding the motto of Kendriya Vidyalaya Sangathan to provide quality and holistic education to all. This institution is an asset to the community at large and its contribution in shaping the society is unfathomable. Over the years, this institution has been able to reach out to the masses not merely through education but also through its co-scholastic activities. Ranging from participation in the field of sports and games to securing top notch academic spot in the Kolkata region, Kendriya Vidyalaya Kankinara has emerged as a force to be reckoned with in all the fields.

The school magazine is a glimpse of the creative talent of the students of this institution. Through this, the faculty and the students want to put forward their view of the world so as to create a harmonious setting for the development of the mind. If thoughts can bring about noticeable changes in the world, the creative outburst of these students will surely affect your sensibility. The intention is to awaken a spirit of enquiry and the desire to seek out the truth in its purest form.

I would like to congratulate the Principal, staff and students of Kendriya Vidyalaya Kankinara for this constructive effort. May all their future endeavours bring forth joy and success.

Principal's Message

Dear students, schooling provides us an unfathomable access to the world and nurtures us to become better human beings in the future. It is marked with a plethora of experiences and insights. It is not the school building itself which generates these feelings, rather the true spirit of any great institution resides in the heart of the students and the staff. Education prepares us for the worldly ways and the process of learning is a lifelong one. Kendriya Vidyalaya Kankinara focusses on the holistic development of all its students. The objective is to contribute to the growth and development of morality and human values.

In the words of the great philosopher Aristotle, *"Educating the mind without educating the heart is no education at all."* These words are the founding stones of our principles and values. With the intent to enrich a generation, we have stepped into the 21st century. The ever increasing demands of the society, the paucity of time and the degrading cultural practices are hurdles indeed but they can be overcome with perseverance and dedication.
This publication endeavours to bring out your innovative and creative nature. It is an example of great teamwork and devotion. I would like to congratulate all the students for their enthusiastic literary contributions and the Editorial Board for their unceasing hard work and dedication.

I convey my deepest gratitude to the Honourable Deputy Commissioner, KVS RO Kolkata, Smt PBS Usha, our dynamic Chairman, Col. P. Chhikara and the revered Assistant Commissioners of KVS RO Kolkata for their never ending support and guidance.
With sincerest wishes and warm regards.

कमजोर नही हूँ मैं

हाँ रूठ जाती हूँ कभी – कभी
छोटी – छोटी बातों पर
खामोश हो जाती हूँ , दुख जलील होने पर
पर कमज़ोर नही हूँ मैं
ठोकर खाती हूँ क्योंकि
ताकत है मुझमे उनसे टकराने की
लड़ने की हिम्मत रखती हूँ
सच्ची उम्मीदों पर
मदत के सहारे भी लेती हूँ पर
कमज़ोर नही हूँ मैं
ज़िंदगी ने नजाने कितने फ़रियदे किए
अपनों ने नजाने कितने गम दिये
हर गम को मैने कुबूल किया
खुदा को अपना मान कर क्योंकि
कमजोर नही हूँ मैं
ठोकर समझ लेती हूँ हर उस
चीज़ को जिसको पाने को कभी
सजदा किया करती थी
लोग इसको कमजोरी समझते हैं
पर , कमजोर नही हूँ मैं
जब हिममत है मुझमे
हर रिश्तो को सवार परखने का
बिखरने को मैं मौका नही देती
तो कमजोर नही हूँ मैं
पर जब खुद टूट जाऊँगी
कमजोर कह लेने दो मुझे |

I Dream a Dream of Bharat

I Dream of Bharat
That makes me happy and so proud
The Asian vast peninsula
Its glorious past makes me sing loud!
Oh, what a priceless heritage,
My mother land is in the globe!
For sixty years, birds out of cage
It wears a democratic robe.
I dream a dream of Bharat where no man
Will scorn the other man
Where love will bless the earth
And peace its path adorn
Where all will know sweet freedom's way,
Where greed no longer saps the soul
Nor arnica blights our day.
Where black or white whatever you race be
Will share the boundaries of the earth
And ever man is free
Let's be an example to world;
Let's peace prevail every sphere
Let's tend to poor, downtrodden, old
Let's progress with mind without fear
I dream a dream of Bharat .

5 REASONS TO READ BOOKS

1.Gives knowledge

One of the biggest reasons why we read books is to gain knowledge. Books are a rich source of information. Reading books on varied subjects imparts information and increases the depth about the subject as well. Whenever you read a book, you learn a new information that otherwise would not have known.

2.Improves your brain

Studies have shown that reading has strong positive effects on the brain. By staying mentally stimulated, you can prevent dementia and Alzheimer's disease. This is because, keeping your brain active prevents it from losing power. The brain is a muscle and like other muscles in the body, exercise keeps it strong and healthy. Similar to solving puzzles, reading books is a great way to exercise your brain and keep it healthy.

3.Reduces stress

Reading has a positive effect on the body as well. Reading a book can relieve stress better than taking a walk or listening to music. According to studies who read more tend to have lower stress levels.

4.Improves memory

Every time you read a book, you have to remember the setting of the book, the characters, their backgrounds, their history, their personalities, the subplots and so much more. As your brain learns to remember all this, your memory becomes better. What's more, with every new memory you create, you create new pathways and this strengthens the existing ones.

5.Improves imagination

The more you read, the more imaginative you become. Whenever you read a fiction book, it takes you to another world. In the new world, your imagination works at its best as you try to see things in your own mind.

TRUE FRIENDSHIP

TRUE FRIENDSHIP ?
IS NOT AN EQUATION
SUM OF EMOTION,
IT IS JUST LOVE, TENDER CARE AND
TRUE DEVOTION.
TRUE FRIENDSHIP
IS NOT ANY SCIENCE OR AN ART,
IT IS JUST A RELATION WHICH
COMES STRAIGHT
FROM THE INNER HEART.
TRUE FRIENDSHIP
IS NOT A GOAL TO BE ACHIEVED,
IT IS JUST A PRECIOUS GIFT AND A
WONDERFUL TREASURE TO BE PRIZED..

F- FIELD OF LOVE.
R- ROOT OF JOY.
I - INSTANT OF GOD.
E - END OF SORROW.
N - NAME OF HOPE.
D - DOOR OF UNDERSTANDING.

Paragraph on The Student Life

The time that is spent in schools and colleges for education is called student life. It is the time to sow seeds of future. The main duty of students is to acquire knowledge. Because he has the future wish and hope of the nation. He should prepare himself so that he can serve the people when he is grown up. Student life is not the proper time to do things. It is the time to 'prepare' for things to be done in future. Students life is the proper time to build one's character. A good man is loved and respected by all. A student should try to become a good man in his future life. In this period, students should acquire the qualities of being truthful, honest and active. A student should avoid nasty politics. The success of future life depends on student life. So student life is important for life. Every student should use this important time properly.

Experiment

Some scientists decided to do the following experiments on a cockroach.

For the first experiment, they cut two of the cockroach's legs off, and then they told the cockroach to walk. The cockroach got up and walked, so they learned that a cockroach could walk with just four legs.

For the second experiment, they cut off another two legs from the cockroach, and then they told the cockroach once more to walk. The cockroach was still able to walk with only two legs.

For the third experiment, they cut off yet another leg from the cockroach and once more they told the cockroach to walk. However, the cockroach wasn't able to walk with only one leg.

As a result of these three experiments, the scientists wrote in their final report that the cockroach had lost it's hearing after having five legs cut off.

Life

Life is like a train
Which crosses every station,
But the fact is …………
It never stops .
Life is like a train
Which drops in every part of my life
But the fact is that
It sometimes stops.
Life is like a book
Which crosses every pages
But the fact is that
One day, it comes into the last page,
And there written the end ...
No love is greater
Than mom's love
No care is greater
Than dad's care
Life always offers you
A second chance
It's called
Tomorrow
Everybody wants happiness…….

Life

Life is a palace built on sand
Nobody knows when it will end.
Life is short and work is more
Do not sit idle on the sea shore.
Don't be sleepy, help the others
Treat everybody like sisters and brothers
Every moment is a pearl in hand,
It depends on you, how you spend.

THAT NIGHT

That was a silent night and as usual I am returning from my office to home .Today I feel a dead silence in the road. Road was empty even not a single car was parked.
In the corner of the road it was so strange. The tree was blowing with air. Suddenly I show a woman standing in the road side and asking for lift. I was very shocked because it was nearly eleven o-clock. The woman was wearing a black dress and I can clearly see the black rose on her right hand. I stopped my car and opened the window of my car she came near my car window and asked me for lift. I agreed she sat near me and I started driving. I was feeling very uncomfortable because she kept staring at me. After a while, I started a conversation. I asked her where she wanted to go. She replied “to my home”, then I asked her, “where is your home”. She replied “you know very well” and smiled at me. After those words I got silent. Then I reached my house and asked her if she would like to stay at my home. After asking it she said “it’s my house Jon”. I was shocked because I never told her my name. Then she told me ok. Then I went to my room up stares on the third floor. It was too weird for me because how she knew there is a room upstairs. Then I asked her “who the hell are you?” She told me “why are you getting angry it’s not good for your health, you have high BP right ”.

It was a horrible thing for me because only my sister knows that I have high BP and she died 4 month ago. My whole body was freezing and I sat on my sofa. She came near me and put her head on my legs and I could feel her tears in my hands. Then I saw her. Yes! It’s my sister. She smiled at me and told me ,“Jon always be happy, when I was alive I made you laugh, after my death you just forgot to laugh so always be happy I am always be with you.” After telling this, she just disappeared like wind. But still I can feel her love for me .

Why not a girl

People pray for a boy
Not for a girl.
They want a man
Not a woman.
But the girls who need education
They go to Goddess Saraswati.
The girls who need money
They go to Goddess Laxmi.
The girls who need courage
They go to Goddess Durga.
They why not a girl?
