

BIG CHANGES IN CBSE

2K19-20

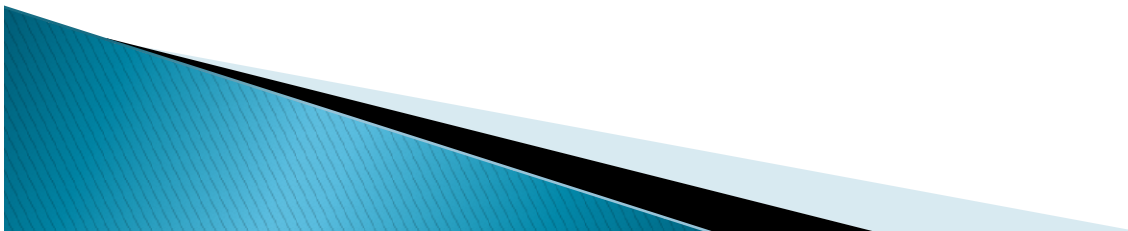

Internal Assessment in All Subjects(for1 2)

- ▶ Almost all the subject are added for internal assessment except English, Mathematics, Political Science are some examples with no internal assessment .

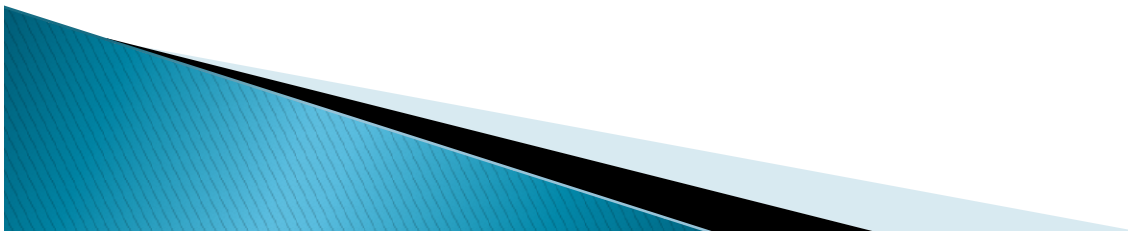

Internal Choice in Question Paper

- ▶ CBSE introduced internal choice in 33% questions in the year 2019. The same will continue in 2020 too. This has been extended to all the subjects. Now students will find 33% internal choice in all the sections in the question paper in all subjects. Thus, students will have plenty of options to choose the questions.

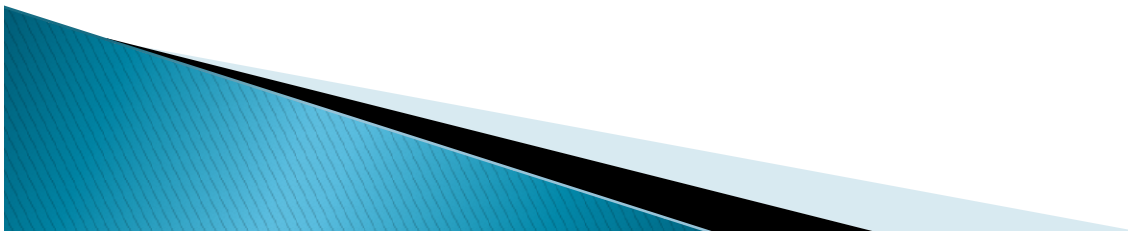

Objective Type questions

- ▶ Another good news for students is, CBSE will put 25% objective type questions including multiple-choice questions in all the subjects. It means, there will be at least 20 Marks questions out of total 80 marks will be objective type questions. Now the subjective questions where students need to write detailed answer will carry only 60 marks. In other words, the overall 60% of assessment need to write answers in detail. Rest 40% is objective type and internal assessment.

Why the assessment process changed?

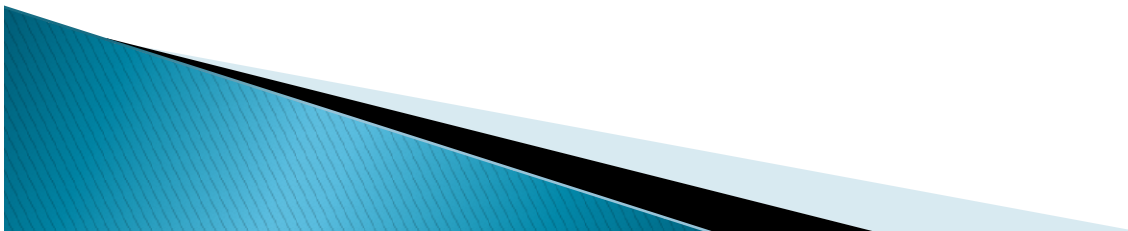

- ▶ Let's find out the need for change in the assessment process. As per CBSE circular, the Board has always stressed that its students must acquire the skills of critical thinking, problem-solving, analyzing information, collaboration, effective communication, developing curiosity and imagination as part of the learning process. Further, there is a need for exposing the students to different types and formats of questions in the year-end/Board examination, so that a large range of learning outcomes can be assessed. CBSE also emphasized on future-ready assessment tools to get ready for PISA (Programme for International Student Assessment) in 2021.

Class 10 Maths board exams to have two levels from 2K19-20

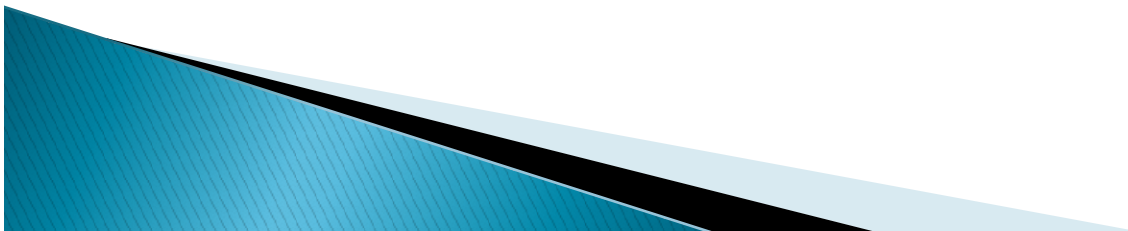

The nomenclature for the two examinations will be as follow:

- ▶ Mathematics–Standard: For the existing level of examination
- ▶ Mathematics–Basic: For the easier level (they cannot take math as subject in 11th and 12th)

CBSE introduces internal exam for Class 10 Maths, English 2020 board exams

- ▶ CSBE has called the move ‘learner–centric’ and said that the need for school–based ‘internal assessments’ is increasing. With this rule being implemented, the regular theory exams will be conducted for 80 marks instead of 100 marks.

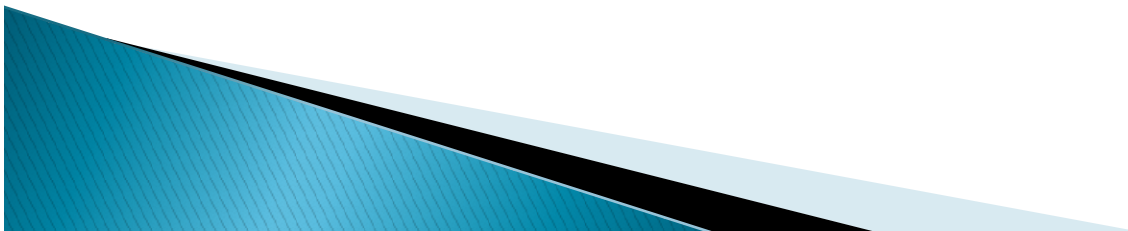

The other important changes proposed by CBSE:

- ▶ The board examination schedule will be split in two parts – main courses and vocational courses. The class 12 board exams will be conducted from 15 February to 3 April and class 10 board exams from 21 February to 29 March.
- ▶ The examination will take place from 10.30 am to 1.30 pm. But the students will be given their answer books at 10 am, so they can fill in the necessary details. The question papers will be given at 10.15 am.

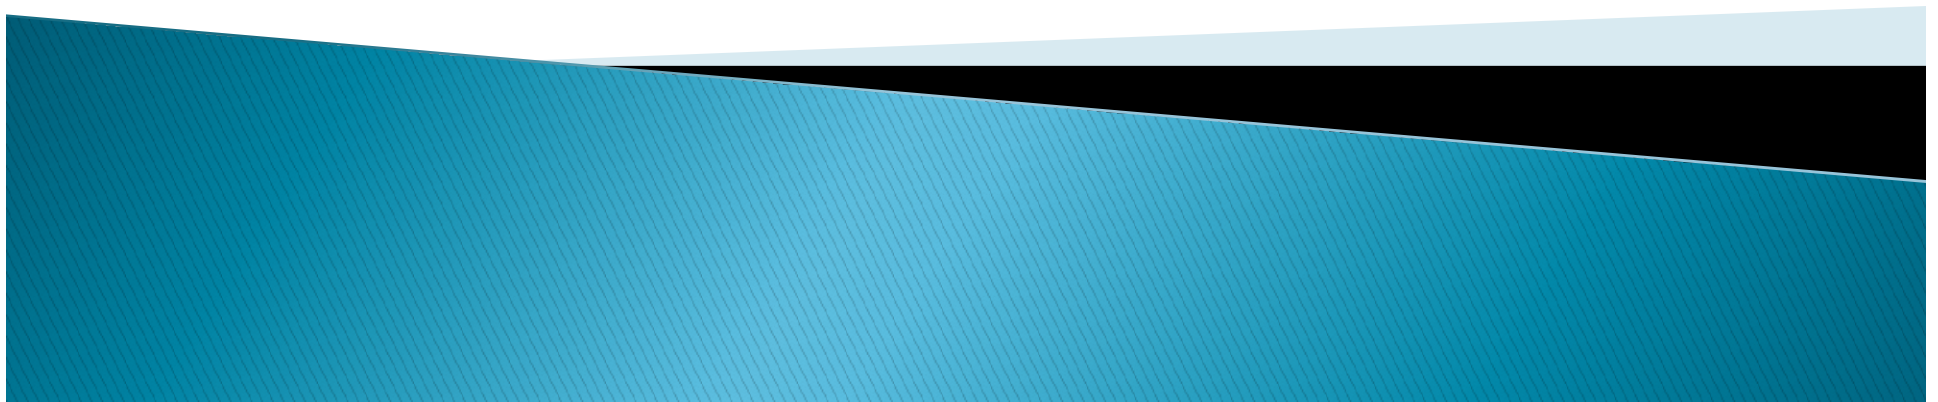

CBSE → A GATEWAY OF SUCCESS

- ▶ We know that all **competitive and entrance exams** have exactly opposite assessment process that of adopted by CBSE in schools. CBSE assess the students on subjective questions whereas, after school, students face objective questions in exams. The gap between two different assessment processes is filled by private coaching institutes. Students have no option. They have to join these so-called **gateways to success** along with their schools as the school syllabus do not teach them how to tackle objective questions in entrance exams.

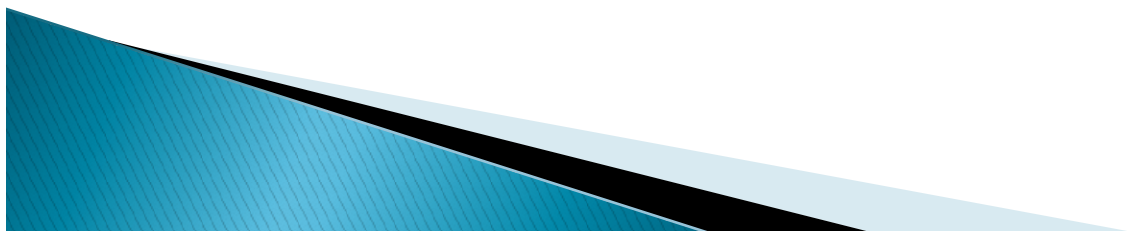

CLASS 10TH PATTERN

CHAPTER-WISE

CHANGES IN SOCIAL STUDIES

Type of Questions	No. of Questions	Marks per question
Very Short Answer Type	1-7	1
Short Answer Type	8-18	3
Long Answer Type	19-25	5
Map Questions (History)	26A (2)	1
Map Questions (Geography)	26B (3)	1
Total	27	80

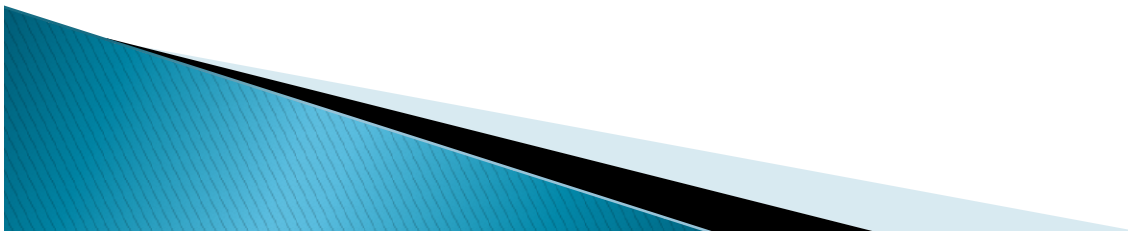

IMPORTANT NOTE

- ▶ From the upcoming board exams, there will be an increase in total number of internal choices provided in the CBSE Class 10 Social Science board question paper. An increase in the internal choice of approximately 33 percent in all the sections and for each type of question will be employed.
- ▶ Internal choices shall be provided for:
 - ▶ 4 question in section A
 - ▶ 6 questions in section B
 - ▶ 4 questions in section C
 - ▶ Map based questions in 26B

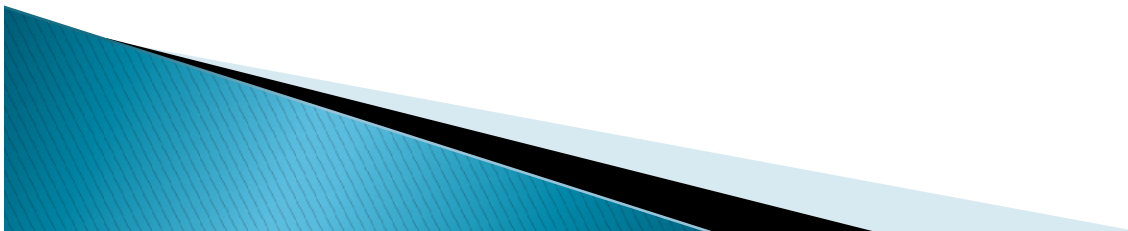

CHANGES IN MATHEMATICS

Section	Number of Questions	Marks per question
A	6 (1-6)	1
B	6 (7-12)	2
C	10 (13-22)	3
D	8 (23-30)	4

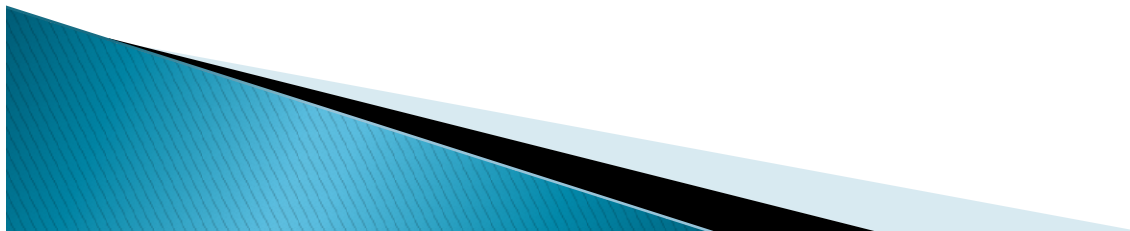

IMPORTANT NOTE

- ▶ From the upcoming board exams, there will be an increase in total number of internal choices provided in the CBSE Class 10 Maths board question paper. An increase in the internal choice of approximately 33 percent in all the sections and for each type of question will be employed.
- ▶ Internal choices shall be provided for:
 - ▶ 2 questions from the set of 1 mark questions
 - ▶ 2 questions from the set of 2 marks questions
 - ▶ 4 questions from the set of 3 marker questions
 - ▶ 3 questions from the set of 4 marker questions

CHANGES IN SCIENCE

Section	Questions	Marks per question
A	1-2	1
B	3-5	2
C	6-15	3
D	16-21	5
E	22-27	2

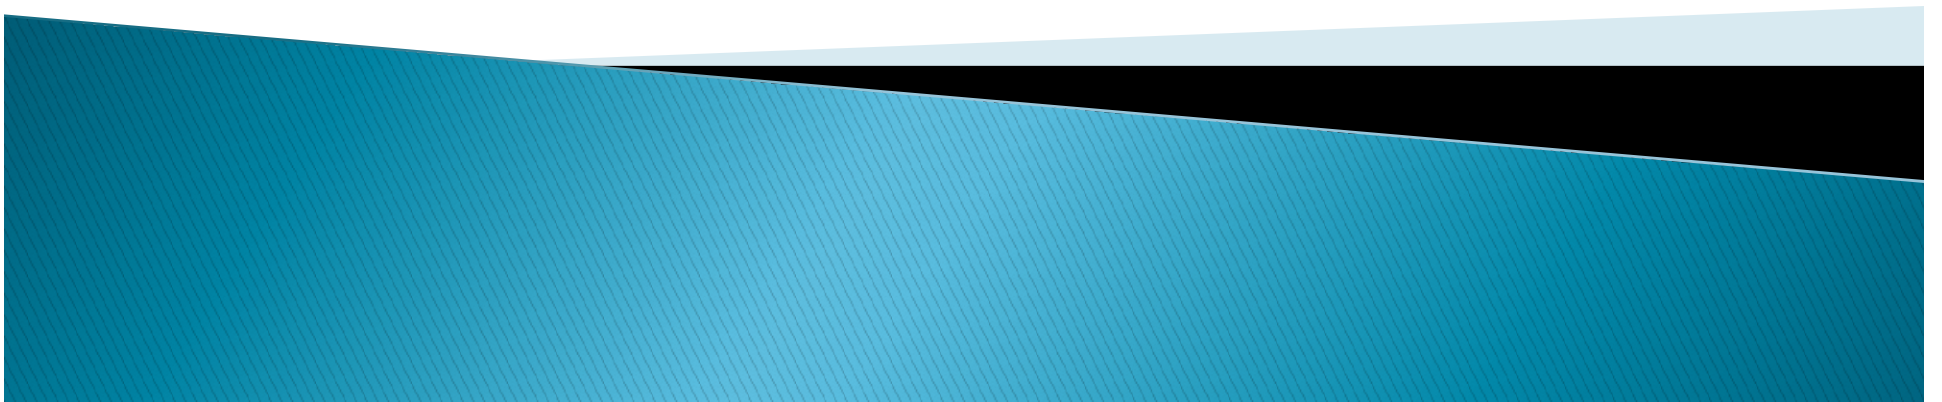

IMPORTANT NOTE

- ▶ From the upcoming board exams, there will be an increase in total number of internal choices provided in the CBSE Class 10 Science board question paper. An increase in the internal choice of approximately 33 percent in all the sections and for each type of question will be employed.
 - ▶ Internal choices shall be provided for:
 - ▶ 1 question in section B
 - ▶ 3 questions in section C
 - ▶ 3 questions in section D
 - ▶ 3 questions in section E
